Investment Policy Statement

OVERVIEW

Municipalities that are subject to the Municipal Act, 2001 (the “Act”) have no general power to invest money. Such powers must be found either in express provisions of the Act or by necessary implication.

Historically, municipalities that are subject to the Act had very limited express investment powers under section 418 of the Act. Section 418 continues to apply to all municipalities that are subject to the Act unless they elect to pass a by-law pursuant to the new section 418.1. Section 418 of the Act provides that “money that is not required immediately” (MNRI) can only be invested in securities prescribed by the Province in O. Reg. 438/97 (the “Regulation”). These prescribed securities are generally referred to as the “Legal List Securities” and are included in Part I of the Regulation.

Effective January 1, 2019, the new section 418.1 of the Act came into force. Section 418.1 provides that MNRI can be invested under that section in any security, provided that in making the investment the municipality exercises the care, skill, diligence and judgment that a prudent investor would exercise in making the investment. If a municipality elects to pass a by-law under section 418.1, the effect will be that its MNRI must be invested in accordance with the prudent investor regime. The rules, conditions and procedures that apply to investments under section 418.1 are set out in Part II of the Regulation.

Investing MNRI in Legal List Securities or in accordance with the prudent investor regime are mutually exclusive alternatives. That is to say, section 418 does not apply to a municipality that has adopted the prudent investor regime under section 418.1.

Every municipality, regardless of whether section 418 or 418.1 applies to it, has MNRI and also money that is required immediately (MRI). Municipalities retain the management and control of their MRI. The Act does not include any express provisions that deal with the investment of MRI. However, it is consistent with prudent practice to invest such money until it is actually spent, in order to preserve the capital value of that money. Accordingly, it is necessarily implied that a municipality has the power to invest such money on a short term basis. Because the Act is silent as to how municipalities are to deal with MRI and because of the historical investment powers under the Act, a conservative approach is to invest MRI in appropriate Legal List Securities.

Municipalities that elect to pass a by-law pursuant to the new section 418.1 include in their investment policy:

- (i) the basis upon which they distinguish between MNRI and MRI,
- (ii) principles governing the investment of each category of money, and
- (iii) This Investment Policy Statement (IPS) is intended to respond to the foregoing requirements.

Town of Aurora staff and Council understand that the funds being invested belong to the residents of Aurora. This investment and procedures documentation will ensure that all funds are invested with care, diligence and judgement of a prudent investor with a primary objective of principal preservation while maximizing returns.

Investment outcomes are a set of investment allocations with varying risk/return characteristics. MNRI may be invested into several outcomes based on the characteristics of the municipality's accounts/reserves and its saving and spending needs.

It requires the Municipality to exercise the care, skill, diligence and judgment that a prudent investor would exercise in making such an investment and the standard does not restrict the securities in which the Municipality can invest. The Prudent Investor Standard makes use of Modern Portfolio Theory and applies the standard of prudence to the entire portfolio in respect of the Municipality's Long-Term Money rather than to individual securities. A Securities Lending program is widely used by institutional investors to generate additional marginal returns on the total portfolio.

Short-Term Money: means money that is required immediately by the Municipality as described in section 5.1 and which remains under the control and management of the Municipality. The money can be invested in appropriate Legal List Securities.

Sinking Fund: means a fund established to fulfil the requirements to make annual contributions in respect of various debenture issues wherein money is to be regularly set aside for the payment of the principal of the debentures at maturity.

2. PURPOSE AND LEGISLATIVE FRAMEWORK

2.1 Purpose of Policy

This IPS governs the investment of the Municipality's MNRI and MRI. It is intended, among other things, to direct the Treasurer in the investment of MRI and to direct ONE Joint Investment Board (ONE JIB) in the investment of MNRI by implementing the Authorizing By-law XXXX-23 pursuant to which the Municipality authorized the establishment of guidelines for the prudent management of the Municipality's MNRI pursuant to section 418.1 of the Act.

In addition to the Municipality's MRI and MNRI, the Municipality is from time to time entrusted with the management of money and investments for a third-party beneficiary ("third party trust funds").

There are also source(s) of money in which the Municipality may have an indirect interest but which the Municipality currently has no authority to invest. Such source(s) of money, referred to in this IPS as "designated funds", are listed in Schedule A attached hereto. The designated funds are identified in this IPS for the sole purpose of enabling the Municipality to better see, on an aggregated basis, the various financial assets in which the Municipality has an interest. The Municipality is not responsible for the investment activities or performance of designated funds.

The goals of this IPS are to:

- Define and assign responsibilities for investment of MRI and MNRI;
- Describe the Municipality's responsibilities with respect to third party trust funds and designated funds
- Ensure compliance with the applicable legislation;
- Direct ONE JIB as to the Municipality's investment goals and risk tolerance;
- Provide guidance and limitations regarding the investments and their underlying risks;
- Establish a basis of evaluating investment performance and the underlying risks; and,
- Establish a reporting standard to Council.

This IPS applies to employees of the Municipality, to ONE JIB and to the employees of ONE Investment. ONE JIB, the Treasurer, and any agent or advisor providing services to ONE JIB in connection with the investment of the portfolio shall accept and strictly adhere to this IPS.

2.2 Governing Legislation

Investments of MRI will, in accordance with this IPS, only be made in Legal List Securities.

Investments of MNRI are governed by the Prudent Investor Standard in accordance with Section 418.1 of the Act. This standard is similar to that which governs trustees and pension fund administrators and creates a fiduciary responsibility. Prudent investment in compliance with the Act and the Regulation

enhances the potential for the Municipality to earn improved risk-adjusted rates of return.

Money and investments that the Municipality holds as third-party trust funds or has an interest in as designated funds will be subject to applicable legislation and any related agreements or instruments.

The Act provides that the Municipality, and therefore ONE JIB, must consider the following criteria in planning investments of MNRI, in addition to other criteria relevant to the circumstances:

- General economic conditions;
- The possible effect of inflation or deflation;
- The role that each investment plays within the Municipality's total portfolio of investments;
- The expected total return from income and the appreciation of capital; and
- Needs for liquidity, regularity of income and preservation or appreciation of capital.

2.3 Prudent Investor Standard

For MNRI, the standard to be used by the Municipality and ONE JIB shall be the Prudent Investor Standard as required by section 418.1 of the Act and Part II of the Regulation in the context of managing the Municipality's MNRI and investments thereof. Investments shall be made with the care, skill, diligence, and judgment, taking into account the prevailing circumstances, that persons of prudence, discretion and integrity would exercise in the management of investments, considering the necessity of preserving capital as well as the need for income and appreciation of capital. The Act includes a duty to obtain the advice that a prudent investor would obtain under comparable circumstances.

Officers, employees and investment agents acting in accordance with written procedures and the IPS and exercising due diligence shall take all necessary actions to optimize performance of investments on a portfolio basis, taking into account the prescribed risk and other parameters set out in this IPS and market factors. The Municipality's staff acting in accordance with written procedures and this IPS, shall be relieved of personal responsibility for an investment's performance, provided underperformance relative to expectations is reported to Council and the liquidation or sale of investments is carried out in accordance with this IPS.

3. MONEY REQUIRED IMMEDIATELY AND MONEY NOT REQUIRED IMMEDIATELY

3.1 Determination of MNRI and MRI

Determination of the Municipality's MNRI is the responsibility of Council. In making the determination, Council may consider:

- the time horizon within which the monies are needed to meet financial obligations

- the purpose for which the monies have been collected or set aside and are to be used
- the source of the money
- any combination of the foregoing

The Municipality's MNRI will be comprised of money that is to be used to meet financial obligations that become due more than 18 months from the date of receipt of such money by the Municipality.

For certainty, all money and investments of the Municipality that have not been identified as MNRI (other than third party trust funds and any designated funds referenced in Section 2.1) shall be deemed for purposes of this IPS to be MRI.

Determination of the Municipality's MNRI and MRI may be modified at any time and from time to time by action of Council and with respect to specific money by the Treasurer in accordance with the provisions of Section 6.2.

Any changes in this IPS regarding the Municipality's MNRI and MRI must be communicated immediately in writing to ONE JIB.

3.2 Overview of Portfolios

The Municipality's portfolios represent funds required for specific purposes. A high level description of each of these portfolios and their objectives is provided in Section 5 below. This IPS applies to the following money of the Municipality, its agencies, boards and commissions including:

- MRI which is invested in Legal List Securities; and/or
- MNRI which is invested under the Prudent Investor Standard.

4. ROLES AND RESPONSIBILITIES

4.1 Role of ONE JIB

ONE JIB has been appointed by the Municipality in accordance with the requirements of the Act and the Regulation and on the terms and conditions set out in the ONE JIB Agreement (Appendix I).

ONE JIB exercises control and management of the Municipality's MNRI and the investments made by it in accordance with the objectives and risk tolerance established in this IPS.

Among the responsibilities of ONE JIB are the following:

- Reviewing this IPS;
- Adopting and maintaining an Investment Plan that complies with this IPS;
- Engaging External Portfolio Managers, Custodians, administrators and other investment professionals (Agents);
- Allocating the money and investments under its control and management among External Portfolio Managers and their funds in compliance with this IPS;

- Monitoring the performance of the Agents; and,
- Reporting to the Municipality.

The foregoing is subject to the more detailed terms and conditions contained in the ONE JIB Agreement.

4.2 Role of Municipal Staff

This IPS is approved and adopted by Council with input from the Treasurer, and from ONE JIB with respect to MNRI. MRI of the Municipality, and any third-party trust funds referenced in Section 2.1, remain under the control and management of the Treasurer.

Consistent with this IPS, the Treasurer is responsible for the implementation of the investment program and the establishment of investment procedures which shall include:

- Investment management of MRI and any third-party trust funds referenced in Section 2.1 by, or under the direction of, the Treasurer;
- The deposit or withdrawal of MNRI, under the explicit delegation of authority regarding MNRI, and the investment thereof, to ONE JIB, which is responsible for the control and management of such funds and investments; and,
- A system of controls exercised by the Treasurer to regulate the activities of Deputy Treasurers and Financial Management Advisors.

No person including, without limitation, ONE JIB, may engage in an investment transaction except as provided under the terms of this IPS.

In the management of MRI of the Municipality, and any third-party trust funds referenced in Section 2.1, the Treasurer may engage one or more agents and service providers. ONE Investment can assist with the investment of the Municipality's MRI, in Legal List Securities, and with the investment of third-party trust funds, in accordance with the terms of the applicable trust, if permitted, at the request of the Municipality.

4.3 Ethics and Conflicts of Interest

Individuals who are responsible for the Municipality's Short-Term Portfolio shall comply with the Municipality's Conflict of Interest guidelines and any relevant professional codes of conduct (e.g. the CPA Code of Professional Conduct).

ONE JIB, in its capacity as a joint municipal service board, in addition to being a local board of each member Municipality is subject to a Code of Conduct as required by the Municipal Act, 2001 (the "Act"). This Code of Conduct applies to the Chair and the other Members of ONE JIB acting in their capacity as Members of ONE JIB.

5. INVESTMENT

5.1 MRI: Short-Term Money

The Municipality's MRI is described in this IPS as Short-Term Money. Short-Term Money consist of money that is needed to meet the short-term financial obligations of the Municipality coming due within 18 months from the date of receipt of such money and are controlled and managed by the Treasurer.

5.1.1 *Short-Term Money: Investment Objectives*

The investment objectives, in the order of priority, for the Municipality for Short-Term Money are:

- **Compliance with Portfolio Restrictions:** The legal authority to invest funds comes from the Act. All investments acquired shall be in conformity with portfolio restrictions and permissions set out in O. Reg. 438/97 – Eligible Investments and Related Financial Agreements, as amended from time to time. The Municipality shall not invest in a security that is expressed or payable in any currency other than Canadian dollars.
- **Preservation of Principal:** Investments shall be undertaken in a manner that seeks to ensure the preservation of principal in the overall portfolio. Investments shall be made with judgement and care, not for speculation, but for investment, considering the probable safety of the principal invested as well as the probable income derived. Staff shall also endeavor to mitigate credit and interest rate risk by: pre-qualifying the financial institutions, brokers/dealers and advisors with which the Municipality does business; diversifying the investment portfolio; structuring the investment portfolio so that maturing securities meet ongoing cash flow requirements; and investing operating funds primarily in shorter-term securities or approved liquid investment pools.
- **Maintenance of Liquidity:** The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. All non-equity investments shall be interest bearing in nature and equity exposure will be limited to investments in the ONE Investment Program equity funds. The Municipalities portfolio should be well staggered, using a ladder approach which allows investments to mature at various times and provides the Municipality the opportunity to build up the portfolio based on market conditions/opportunities. A portion of the portfolio may be placed in the ONE Investment Program, which offers compliance and liquidity.
- **Maximization of the Rate of Return:** The Investment Portfolio shall be designed with the goal of maximizing the rate of return through budgetary and economic cycles, considering the investment risk constraints and liquidity needs. Staff will explore and utilize any eligible investment vehicles in building the Municipality's investment portfolio. The investment portfolio will be managed with prudent investor principles, to maximize returns within established risk parameters. To take advantage of short-term fluctuations in interest rates, securities may be sold prior to maturity. Investments shall be purchased once multiple bids are received and analysed. The highest yielding bid, which meets the Municipality's cash

flow requirements, will be accepted. If the highest yielding bid is not selected, an explanation describing the rationale shall be provided. Staff involved will retain written records of each transaction, including the name of the financial institutions, rates quoted, description of the security, investment selected, and any special considerations that had an impact on the decision. With the goal of maximizing the rate of return on its investments, staff may utilize eligible investment vehicles for which there is a sole available supplier, such as the ONE Investment Program products. In instances such as this, multiple bids will not be solicited.

5.1.2 Short-Term Money: Eligible Investments

Short Term Money may be invested in high quality, short-term investments that are also Legal List Securities available from banks, dealers and other financial institutions. Investments issued or guaranteed by approved institutions will be permitted by this Policy, as deemed eligible by Ontario Regulation 438/97 or as authorized by subsequent provincial regulations.

5.2 MNRI: Long-Term Money

The Municipality's MNRI is described in Section 3.2 as Long-Term Money. In accordance with the ONE JIB Agreement and this IPS, ONE JIB has exclusive control and management of the Long-Term Money and the investments made therewith.

From time to time, the Municipality may require money immediately to meet financial obligations and may require ONE JIB to liquidate one or more investments in order to generate money to meet those obligations. ONE JIB will select the investment(s) to be liquidated. The timing of such liquidation will be determined by ONE JIB in consultation with the Treasurer.

5.2.1 Long-Term Money: Investment Objectives

In setting the objectives noted below, the Municipality has taken into account the following considerations:

- Preservation of capital;
- Adequate liquidity that takes into account the needs of financial obligations and reasonably anticipated budgetary requirements;
- Diversification by asset class, market, sector, issuer, credit quality and term to maturity;
- Income and capital appreciation; and,
- Macro risks, such as inflation, economic growth and interest rates.

The municipality's investment objectives for its Long-Term Money (MNRI) can be achieved via allocations to the Outcomes defined within the ONE JIB's Outcome Framework. The table below provides a summary of this framework.

Outcome Category	Outcome Strategy	Objective	Risk Tolerance, Liquidity	Investment Horizon
Cash	Cash	Preservation of Capital	Low risk; high liquidity	< 3 years
Stable Return	Stable Return	Income Generation; To generate returns to fund recurring needs	Moderate risk with emphasis on growth and stable returns, regular liquidity	> 5 years (Perpetual)
Contingency	Contingency	Contributions for unexpected and infrequent events	Higher risk; emphasis on longer-term capital growth with some liquidity	> 5 years (Perpetual)
	Asset Mgt Reserves	Contributions to generate returns to fund asset management reserves	Higher risk; emphasis on longer-term capital growth low liquidity	> 10 years (Perpetual)
Target Date	Target Date 3-5 yrs	Preservation of capital	Low risk; high liquidity	3 – 5 years
	Target Date 5-10 yrs	Contributions toward capital projects, mitigate inflation impacts and meet target funding requirements	Moderate risk, liquid	5 – 10 years
	Target Date 10+ yrs	Contributions toward capital projects, mitigate inflation impacts and meet target funding requirements	Higher risk, emphasis on long-term inflation-adjusted growth	> 10 years

Investment of long-term money is to be managed by ONE JIB, in a way that balances the investment objectives, with a level of risk that is appropriate for the municipality. The MNRI invested with ONE JIB will be broadly diversified to help reduce the volatility of returns. Returns have an impact on revenues, as well as a longer-term impact on future years' budgets and should, at a minimum, keep pace with inflation. To the extent possible, the Long-Term Money's investment horizons are aligned with the Municipality's obligations and cash flow requirements and may consist of liquid and non-liquid securities based on future cash flow requirements.

5.2.2 **Long-Term Money: Eligible Investments**

Eligible investments for Long-Term Money include any Pooled Fund or other

collective investment vehicle or institutional investment management product sponsored or managed by ONE Investment for the Prudent Investment Program (Prudent Investment Offering), provided always that the products and the selection of products comply in all material respects with the IPS

Additionally, nothing in this IPS prevents Long-Term Money from being held in cash, short term money market instruments, or overnight deposits.

5.2.3 Long-Term Money: Sinking Funds

Not applicable.

5.2.4 Long-Term Money: Local Distribution Corporation (LDC) Securities

Not applicable.

5.2.5 Long-Term Funds: Other

5.4 Investment Management

5.4.1 Investment Management of Short-Term Money

The investment of Short-Term Funds shall be controlled and managed by the Treasurer and his/her designate as documented in By-law #6219-19, Schedule "C".

5.4.2 Investment Management of Long-Term Money

The investment of Long-Term Money shall be controlled and managed by ONE JIB in accordance with this IPS.

Competent External Portfolio Managers shall be appointed by ONE JIB and they shall enter into an agreement with ONE Investment that complies with this IPS and Part II of the Regulation and provide compliance and performance reports. In accordance with the applicable regulatory requirements, ONE JIB shall make any External Portfolio Manager changes deemed in the best interest of the Municipality. For each External Portfolio Manager, ONE Investment shall agree on a set of operational guidelines including constraints, discretion limits, diversification and quality standards, and performance expectations, which are documented in each External Portfolio Manager's guidelines.

5.5 Transition to Prudent Investor Regime

Until the Prudent Effective Date, the Municipality will continue to control and manage its MRI, MNRI and investments in Legal List Securities. Some Legal List investments were made with MRI and some with MNRI.

Upon and after the Prudent Effective Date, the control and management of money and investments that are determined to be not required immediately shall be given to ONE JIB. Nothing in this IPS requires that such investments need be liquidated or disposed of. It is not contrary to this IPS for investments that the Municipality does not require immediately to be held, and to continue to be held by ONE JIB, in instruments such as term deposits, guaranteed investment certificates or principal protected notes issued by a financial institution. They can be held to maturity and invested upon receipt of cash proceeds.

Management of third-party trust funds and any designated funds is not directly affected by the Prudent Effective Date.

5.6 Investment Constraints

5.6.1 *Environmental, Social and Governance (ESG) Investing*

The Municipality supports ESG investing for Short-Term and Long-Term Money. The Town believes that well-managed companies are those that demonstrate high ethical and environmental standards and respect for their employees, human rights, and the communities in which they do business, and that these actions contribute to long term financial performance.

For the investment of short-term funds will be done in compliance with the investment objectives identified in section 5.1.1. Accommodating specific ESG considerations may not be possible due to conflicts with the investment objectives. The Town has chosen to monitor the developments of ESG factors and will reconsider its approach to ESG investing for the Short-Term Portfolio as and when appropriate to do so.

For the investment of Long-Term Money, ONE JIB is required to explore how External Portfolio Managers are implementing responsible investing principles at the time of hiring and during periodic reviews. It may report on results periodically, if requested.

5.6.2 *Securities Lending*
