

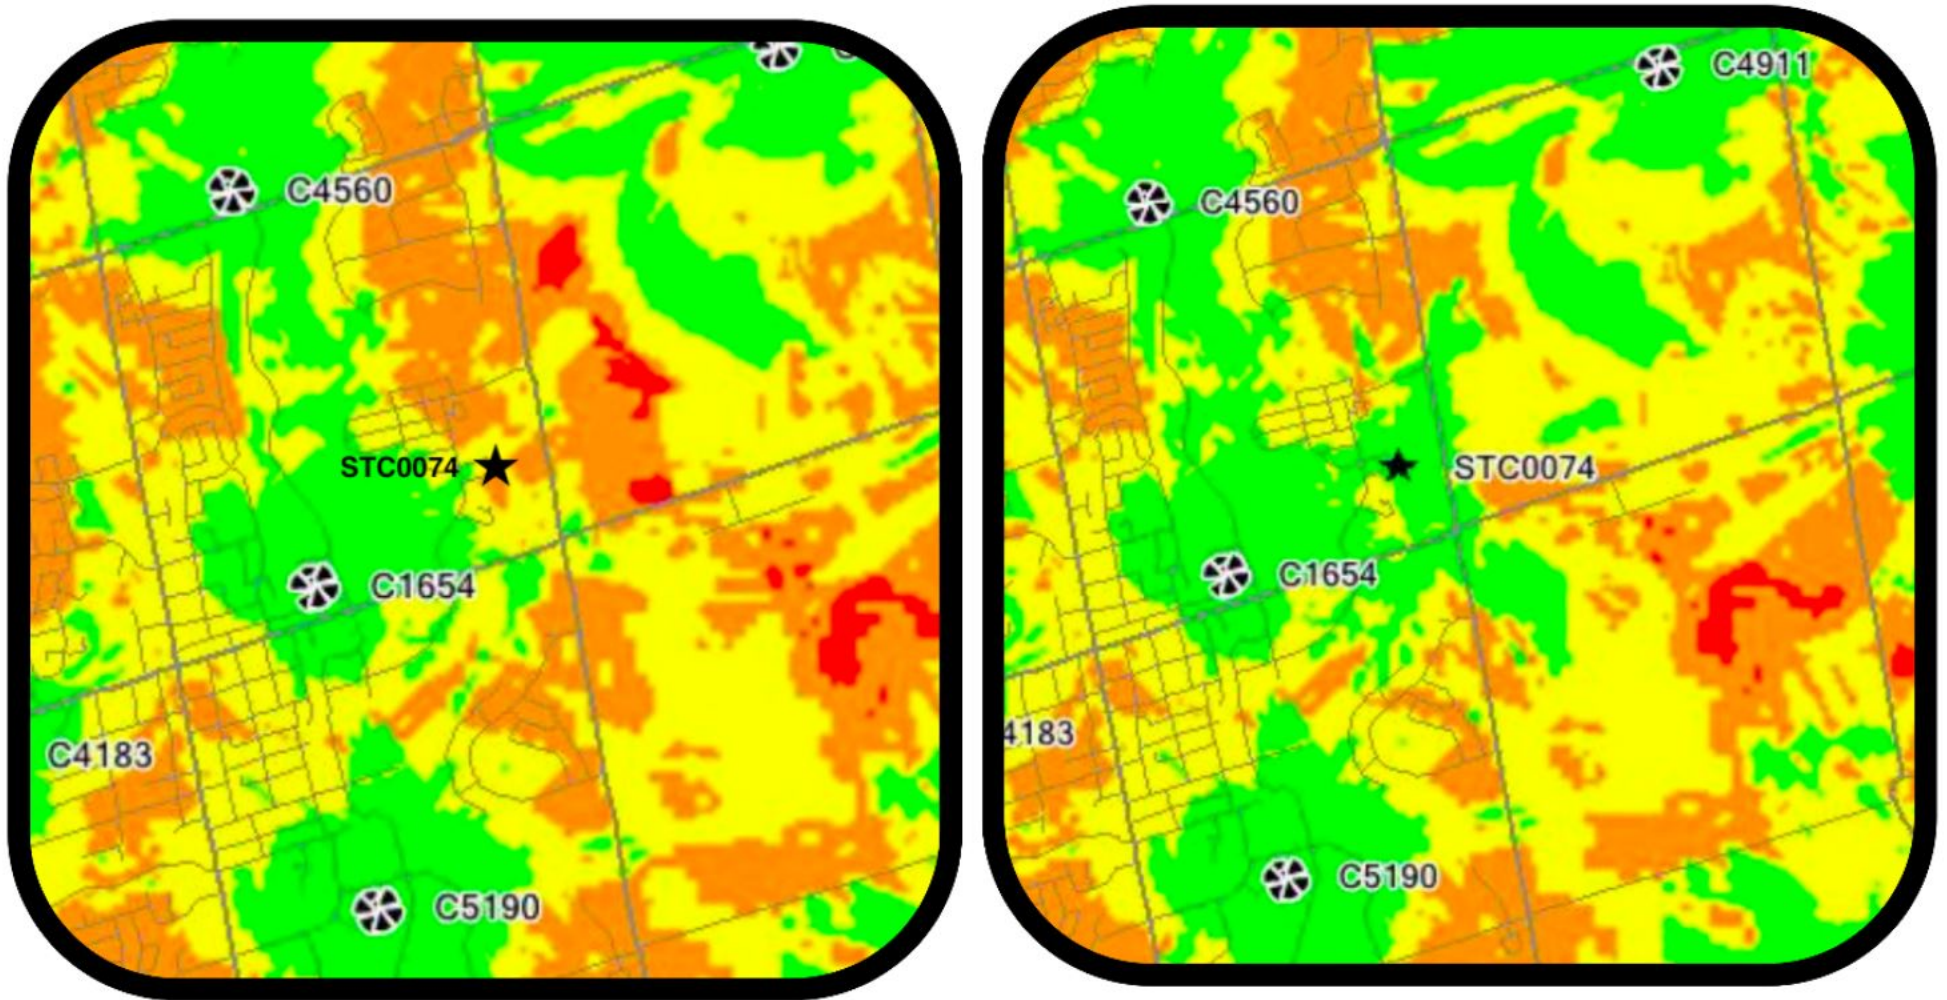

Figure 1: Comparison of Network Coverage
Propagation Study completed by YRH Montreal

Downlink RSRP	Color	
-125 to -115 dBm	Grey	Very poor coverage - minimal voice call capabilities
-115 to -105 dBm	Red	
-105 to -95 dBm	Orange	Poor coverage - voice call capabilities
-95 to -85 dBm	Yellow	Adequate coverage - voice calls, low throughput data streaming
-85 to 0 dBm	Green	Great coverage - voice calls, high throughput data streaming
