Dear Aurora Heritage Committee,

I live at 126 Temperance St. along with my husband and two young kids (a one year old and a three year old). We have a locust tree in our backyard with many dead branches. We have observed over the last few years, that it is developing more and more dead branches (especially at the ends) and is becoming more sparse. We'd estimate that at approximately half of the foliage is gone. Furthermore, every time there is some wind, dead branches fall down where our two young children like to play. Sometimes, there are pretty big ones that come down. We would like to remove this tree because we feel it is a hazard for our young kids as well as unpleasant in appearance. In general, we understand that the Town of Aurora would like to maintain green space and preserve the canopy to beautify our neighborhood. We support this. However, I don't think the removal of this tree will compromise the neighborhood.

Thank you for considering our application.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Elisabeth Miron'.
