---

**Re:** Site Plan Application SP-2023-08 (Submission #2)  
90 Engelhard Drive

**To:** Accessibility Advisory Committee

**From:** Gregory Peri, Accessibility Advisor

**Date:** April 10, 2024

---

## Recommendation

1. That the memorandum regarding Site Plan Application SP-2023-08 (Submission #2) 90 Engelhard Drive be received; and
2. That the Accessibility Advisory Committee comments regarding Site Plan Application SP-2023-08 (Submission #2) be received and referred to staff for consideration and further action as appropriate.

## Background

The following comments have been submitted on March 25, 2024 and are in response to the applicant:

- We appreciate the clarity of the Second level mezzanine as a mechanical/service area, therefore access would not be required via elevator in this circumstance. Should this change, an elevator would be recommended to be installed.
- Consideration to continue the access aisle from the two Barrier-Free spaces across the driveway to the existing sidewalk for pedestrian safety.
